

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-131

18 MAR 1980

MEMORANDUM FOR: Members, DCI Security Committee

FROM:

Executive Secretary

SUBJECT: DCID 1/7

STATINTL

1. The draft revision of DCID 1/7 approved by the Security Committee on 28 November 1979 was circulated to the National Foreign Intelligence Board for comment with the concurrence of the DCI. NFIB member comments indicated the need for further review, with particular regard to the NOFORN control. An ad hoc group of representatives of CIA, DIA, NSA and Office of the Secretary of Defense, chaired by a member of the Committee staff, was convened to discuss the NFIB comments. They agreed on a revised, draft revision of DCID 1/7, attached hereto. The revised version retains the NOFORN control but restates it in the same sort of exclusive language (i.e., may be used only when...) as the revision employs for the other controls. Other changes accommodate substantive comments by the Deputy Under Secretary of the Air Force (Space Systems), the Deputy to the DCI for Resource Management, the Acting Director, Information Security Oversight Office, and the Director, National Foreign Assessment Center. In addition, the revised version includes editorial changes agreed to by the ad hoc group.

2. Members are requested to review the attached revised version, and to come to the 2 April 1980 Security Committee meeting prepared to approve it or offer substantive comments. Following Security Committee approval, the

revised version will be submitted to the NFIB Secretariat under a memorandum advising that Community concerns have been accommodated to the satisfaction of representatives of those Principals most concerned about the subject matter.
